> Expect to Guard Air Line Bridge. With the guarding of the bridges in the southern part of the state, military men of this city expect that a call will be sent out for other companies to guard the bridges on the Air Line, over which a number of troop trains were sent when the men went to the border. If these bridges are put under guard they cannot be used by the workingmen as a short cut to and from work. He will have to find some other way around, which will no doubt make him get up at an earlier hour in the morning.
